Dear Child Care Provider,

This letter is in regards to the September 11, 2013 compliance check of your Level A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- ☐ 110.5(1)a Numbers for each child's parent, physician, and a responsible person are accessible by the phone.
- ☐ 110.5(1)b All medicines and poisonous, toxic, or otherwise unsafe materials are secured from access by a child.
- ☐ 110.5(1)c First-Aid supplies are available and easily accessible in the home, outdoor play area, any vehicle used to transport children, and on field trips.
- ☐ 110.5(1)c The first-aid kit is sufficient to address first aid related to minor injury or trauma and stored in an area not accessible to children.
- ☐ 110.5(1)d Medicines are inaccessible to children.
- ☐ 110.5(1)e All accessible electrical outlets are safely capped.
- ☐ 110.5(1)k Fire and tornado drills are practiced monthly and documentation kept.
- ☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor.
- ☐ 110.5(1)n Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.
- ☐ 110.5(1)n Each smoke detector is tested monthly, and a record is kept for inspection purposes.

☐ 110.5(1)q All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.

☐ 110.5(1)v The provider has written policies about responding to health-related emergencies.

*Example: In the event of a health related emergency the provider will perform CPR/First Aid, contact 911 and make effort to contact parents and/or emergency contacts.*

☐ 110.5(2) A provider file is maintained and contains:

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years.

☐ 110.5(2)b Certificates or training verification documentation for:

☐ 110.5(2)b Within the first three months of registration:

☐ 110.5(2)b Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.)

☐ 110.5(8) Children's Files

☐ 110.5(8) An individual file is maintained for each child and updated annually or when there are changes.

*An example for policy handbook: Department of Iowa Policy states that before the first day of care the parent must complete an intake form and signed medical consent for each child attending. Within 30 days the parent must provide a physical signed by a physician and an updated immunization. Regardless of when children started attending (daycare name), every year by August 1 the parents must provide an updated physical and immunization to provider. Children who do not return the requested paperwork by due dates will not be able to attend (daycare name) until paperwork is returned. Failure to complete paperwork could result in losing a slot at (daycare name).*

Each file contains:

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance.

☐ 110.5(8)d For school-aged children: On the first day of attendance, a statement of health status signed by the parent or legal guardian.

☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually.

☐ 110.5(8)e For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of admission physical.

☐ 110.5(8)g A signed and dated immunization certificate provided by the state department of public health.

☐ 110.5(8)h For each school-age child, record of a physical exam completed at the time of school enrollment or since.

☐ 110.8(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME  
CATEGORY "A" *Provider was not over numbers at the time of the visit and this is a reminder of how many children provider can care for.*

☐ 110.8(1)a Not more than six preschool children present at any one time including infants.

☐ 110.8(1)a Of these six children, not more than four children who are 24 months of age or younger are present at any one time.

☐ 110.8(1)a Of the four children under 24 months of age, no more than three may be 18 months of age or younger.

☐ 110.8(1)a Not more than two additional school-age children for less than two hours at any one time.

☐ 110.8(1)a Not more than eight children present when the emergency school closing exception is in effect.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 30 days.**
